We are pleased to announce that the 102nd Cavalry Group memorial plaque at the National D-Day Memorial in Bedford, Virginia will be dedicated on

Saturday, 09 November 2024

We know that this is short notice, but we just received confirmation from the D-Day Memorial that the foundry will have the plaque completed in time for the dedication. We are in the process of searching for hotels in the area and information will follow.

In order to plan this event in our Essex Troop tradition, please RSVP to the Troop by **16 October 2024**, so that we can get a working headcount for rooms.

The Troop has received fourteen notices of attendance to the dedication at the D-Day Museum. All of those that have sent in notices of attendance please reaffirm with Walter Hill that you will attend. Everyone else, please think about making the trip to Bedford for this dedication.
